

Customers Testimony

"Last year, Travel Planet won the contract we put out to tender for the redesign of our portal for access to SNCF offers, mytraintravel.com, dedicated to European travel agencies.

One year later, the portal is working at full capacity. All of the planned functionalities were delivered on time by Travel Planet, and the platform has become more ergonomic and efficient, allowing us to redeploy on this market, which has a real strategic interest in a context where our international sales are picking up strongly, and where European travel agencies want to be able to access our offer with a functional and efficient tool."

GUILLAUME CONFAIS-MORIEUX

Market Director Travel Agencies
