**Web Developer**

@Christophe Rocchesani

## Describe us a typical day

I am mainly in charge of the optimization and the evolutions of all the platforms created by Travel Planet like Click and Control or Mytraintravel.

## Your greatest pride at Travel Planet

Simply Click and Control !

## What is your educational background?

After obtaining my Baccalaureate S, I went for a BTS Development, followed by a Licence Pro in the same field.

## Give us one word to describe you

I am a perennial.

## Three words to describe Travel Planet

- Ambitious
- Innovative
- Efficient

## How is working at Travel Planet a different experience compared to your previous professional experiences?

The main difference with my experience at SNECMA (Safran Aircraft Engines) is the quantity and diversity of the tasks I have to perform (from the very first days).
